

Shelters Pros and Cons

In World War II, many people built bomb shelters to protect themselves during air raids. Different types of bomb shelters were available during the war. Your challenge is to research the advantages and disadvantages (what was good and not so good) about each one.

The Anderson Shelter

Describe what it looked like, what it was made of and who was likely to use one.

| Advantages | Disadvantages |
|------------|---------------|
| | |

The Morrison Shelter

Describe what it looked like, what it was made of and who was likely to use one.

| Advantages | Disadvantages |
|------------|---------------|
| | |

Public Shelters

Describe what they looked like, what they were made of and who was likely to use one.

| Advantages | Disadvantages |
|------------|---------------|
| | |

What type of shelter would you have preferred during the war? Explain why.
